

# FALL NEWSLETTER

Dear Davis Landscape Customer,

Our Texas grass does not require mowing on a weekly basis during our winter months. However, we do have a schedule that we recommend you follow.

### We offer two winter schedule options:

1. Follow our suggested Lawn Service Schedule.
2. Suspend lawn service until spring.

Please contact us via phone or email if you would like to take advantage of option #2. If we do not hear from you, we will continue with our listed Lawn Service Schedule.

*\*Crape Myrtle trimming is included free if our recommended winter schedule is followed.*

*\*Following our recommended schedule during our winter months ensures a clean and neat yard free from leaves and debris.*
